Experience

Designer | Scout Studio

Boston MA, January 2016 – Present

- Design various high fidelity web pages for different projects using Sketch and Invision
- Develop Scout's visual identity through marketing collateral including posters, videos, and animations in Illustrator and Premiere Pro

CS1200 Fellow | Northeastern University

Boston MA, September 2017 – Present

- Mentor incoming class of CCIS students via weekly class meetings
- Assist instructor with class preparation and grading

Software Engineer Intern | John Hancock

Boston MA, January 2017 – June 2017

- Worked in an agile environment creating user-centered, internal facing apps to increase company productivity
- Developed in all areas of the stack to learn the process of creating and managing a complete product

Projects

Email Signature Tool

January 2017 – February 2017

- Created a front-end app that generates a user's email signature based on given input, written in Typescript/Angular 2
- Provided internal consistency to 500+ employees through formatting and user-centered design

Scout Site

January 2016 – May 2016

- Worked on a five person team of designers and developers to redesign Scout studio's website
- Utilized an agile sprint-based schedule and weekly critiques to give feedback and make improvements

Hello LA (Hack@Brown)

February 2016

- Created a web-based local's guide to Los Angeles on team of designers and developers
- Co-designed the UI, UX, and brand identity of the site in a 24 hour deadline
- **Project won overall best user experience out of 100 teams.**
